| <input type="checkbox"/> *HAT: for sun protection, with chin strap | <input type="checkbox"/> *INSECT REPELLENT: DEET concentrate in small bottles works best (Pro tip! - SPARE BIKE TUBE (Mr. Tuffy/Kevlar thorn strips are nice)
- GEL BIKE SEAT or GEL SEAT COVER (optional)
- RIDING SHOES (optional)
- CHAMOIS CREAM (optional, but highly recommended)

OPTIONAL ITEMS

*SARONG (**Pro tip!** Sarongs are good for EVERYTHING! Get them wet and they'll keep you cool. They make great personal shade devices for hikes and sitting on rafts, and are good for extra bug protection. Wrap them around your waist for a discreet personal changing room. Use them as a towel. Lie on them on the sand. The list goes on!)

WARM LAYERS: long underwear tops and bottoms (wool or synthetic), especially for early- or late-season trips

FISHING GEAR: compact and well protected (i.e., rods packed in a case)

CAMERA (at your own risk): extra memory cards, batteries, and a protective, waterproof case

BINOCULARS (at your own risk)

EXTRA BEVERAGES (NO GLASS PLEASE): liquor, boxed wine, canned beer, specialty pop, juice, etc. (**Pro tip!** Plan to buy your beer, liquor, or wine BEFORE arriving in Green River. The liquor stores in these towns have limited selection and irregular hours. Some beer can usually be purchased at convenience stores and grocery stores in those towns, but again, selection is limited.)

EXTRA SNACKS: for small children and people with dietary concerns or health issues such as diabetes

*HYDRATION PACK, DAY PACK, or FANNY PACK: for hiking/riding

GROUND CLOTH: for sleeping under the stars.

*RIVER MAP: to see where you're going

Things not to bring on your trip: glass-bottled beverages, radios, speakers, firearms, pets, and large amounts of cash beyond what you'll want for your guide's gratuity. Do not bring expensive jewelry, watches, or electronics (i.e., cell phones, laptops, tablets, etc.). If you do choose to bring a cell phone for taking pictures, we strongly suggest getting a waterproof/shockproof/floating case.

Warning: In the event of a loss—regardless of fault—our insurance will not cover these expensive items. If you do decide to bring any of these items along with you to the meeting point for your trip, the most secure location to leave them behind would be at your hotel in their safe or locked up in the trunk of your vehicle. As a last resort we have a non-secure location at our headquarters but we cannot assume responsibility for these items.

EARLY OR LATE SEASON SUPPLEMENTS (May, June, and September on all trips)

- *WARM STOCKING CAP: wool or synthetic
- WARM GLOVES: lightweight, wool, or synthetic
- RIDING TIGHTS for cold weather riding

PILE OUTERWEAR: in addition to a quality jacket, synthetic pile pants

LONG UNDERWEAR: tops and bottoms, medium weight, wool or synthetic (fleece)

Although there is a greater chance of inclement weather on early and late season trips, a well-prepared biker will be able to appreciate the many advantages of these trips. Having the right clothing is essential. **Wool, fleece, pile, Capilene, and Smartwool** are natural and synthetic fabrics that retain their ability to insulate when wet (please note: **cotton will not keep you warm when it is wet**). Adding to these inner layers with good rain- and wind-resistant jackets and pants will keep you warm, dry, and most importantly, happy. Your comfort on the trip starts with finding the right type of synthetic under- and outer-wear and quality rain gear. We recommend Gear.com for your additional biking/rafting trip needs. They offer a wide variety of gear to help you dress for success while on your biking/rafting trip. A prepared traveler is a happy traveler.

Some items can be purchased from our online store: [HOLIDAY RIVER STORE](#) or at [GEAR.COM](#).

* = last-minute items you can buy at our Green River headquarters, the meeting point for our White Rim/Cataract, La Sal/Westwater, and Moab/Westwater trips.
